## O'Neill Urges Quick Hearing On SUB Appeal

Vacationing Governor Wants Ruling by Ohio's Top Court

COLUMBUS (AP) — Gov. C. William O'Neill urges that the appeal of a court ruling affecting Supplemental Unemployment Benefits (SUB) be expedited.

The governor, vacationing with his family in Miami Beach, Fla., made his views known in a statement issued through his press secretary here Friday night.

In explaining why he thinks the state should appeal the SUB ruling of Mahoning County Common Pleas Court, O'Neill said:

"Because there are very important issues involved in this case I do not feel that it would be proper to allow the decision of a common pleas court of a single county to stand as the law of Ohio under the circumstances. The case can only be determined for the whole state by a decision of the Ohio Supreme Court."

THE MAHONING County court ruled Wednesday that SUB payments could be made to unemployed workers at the same time they receive state jobless benefits.

The Ohio Bureau of Unemployment Compensation held just the opposite view.

The governor already has asked the attorney general to take appropriate court action to stay execution of SUB payments. For this he has been criticized by at least one state representative and the Ohio CIO Council.

Atty. Gen. William Saxbe himself is opposed to staying the SUB payments, though not opposed to the appeal itself.

Some employers and employees contribute to a fund while the employee is working. It is this money which is used to finance SUB payments during the worker's unemployment.

O'Neill's statement regarding the Mahoning County court decision said, in part:

"This is a matter on which other common pleas courts could conceivably decide differently than the Mahoning County court. As a result there might develop a variety of methods of administering the law."

"Therefore, the case can only be determined for the whole state by a decision of the Ohio Supreme Court so that the rules governing the payment of SUB would be applied uniformly throughout the state."

"FURTHERMORE, the questions involved are of sufficient magnitude and importance for all the people that they should be decided by our highest court."

"I am certain if an appeal is expedited in the Court of Appeals, that this case can reach the Ohio Supreme Court in time for a decision before the summer recess. I urge that the case be expedited promptly and that all red tape be eliminated."

"After the questions involved are finally decided by the Ohio Supreme Court and if such decision is favorable to SUB, our office will do whatever is appropriate and proper to administer the law in accordance with the decision of that court, promptly and in a considerate and efficient manner."

## Hearing Set for GI Accused in Slaying

CINCINNATI (AP) — Arraignment is planned today for Harry W. Rainier, 29-year-old Navy man accused of first degree murder in the knife slaying of a Kentucky woman.

Police filed the charge Friday against Rainier after lie detector tests, but gave no indication what the tests showed.

Rainier is accused in the death of Mrs. Margaret McAllister, 33, of Covington, Ky., mother of four sons. She was found dead Feb. 10 in a downtown hotel room.

## City Engineer Dies

CHILLICOTHE (AP) — Joseph Doyle, 70, city engineer and service director here since Jan. 1, died in Chillicothe Hospital Friday night after suffering a heart attack in his office in City Hall.

## French Intensify War in Algeria

PARIS (AP) — Despite deep-seated parliamentary discontent with France's Algerian policy, the National Assembly voted Friday night to intensify the war against the Algerian rebels.

On a vote of confidence in Premier Felix Gaillard's government, the Assembly approved 286-147 his revised military budget of more than \$3 billion.

Only a few deputies besides the Communists were willing to go on record against the war budget but 160 deputies were absent or abstained, so the vote of approval was by a minority of the Assembly.

The new budget cuts \$226 million from other military needs to

## Navy Trying To Fire Its Vanguard

CAPA CANAVERAL, Fla. (AP) — The Navy tinkered with its Vanguard satellite test rocket today in a launching race with the sun.

So long as the sun was up the Navy by its own restrictions still had a chance to launch its fourth Vanguard test vehicle and put into orbit the 3½-pound moon in the Vanguard's nose.

But Friday the Navy had to postpone a scheduled Vanguard test while it tended to what it called minor technical troubles and waited for the weather.

The combination of those two elements took up too much daylight and the Navy countdown was running over into night. So it was decided to wait.

Why the Navy has picked daylight hours only for this test was not reported.

The 72-foot Vanguard has been plagued by bad weather in recent weeks. Even Friday night it was drenched by repeated rains on its launching pad.

Two previous Vanguard firings were not successful. A Vanguard blew up on its pad after rising four feet in a launch attempt Dec. 5. Another Vanguard broke in half and was destroyed Feb. 5 after functioning well until it reached about 20,000 feet.

## Carson Given Post as OSU Finance Boss

COLUMBUS (AP) — Gordon B. Carson, dean of Ohio State University's College of Engineering, was appointed by university trustees Friday to be vice president in charge of business and finance.

The appointment, effective Monday, fills a vacancy created by the resignation last October of Jacob B. Taylor.

In his new capacity, at an annual salary of \$22,000, Carson, 46, becomes a member of the six-member cabinet which advises the university president, Novice G. Fawcett.

Head of the Engineering College since 1953, Dr. Carson formerly was affiliated with the Selby Shoe Co., then located in Portsmouth. Before that he was a member of the engineering faculty at Case Institute of Technology, Cleveland.

Harold A. Bolz, associate dean of engineering, was named acting dean of the college until Carson's successor is appointed.

Trustees also revised admission standards for the College of Law. Beginning in fall, 1960, students will be required to have an undergraduate degree before admission to the college. Presently, students may be considered for admission after three academic years in an approved university or college.

Prospective law students also will be required to take an admission test to "assist in determining the appropriate action to be taken in the cases of applicants presenting less than 2.25 (C plus) on their total undergraduate work."

## 16 Firemen Called; Damage: Three Cents

CHICAGO (AP) — Sixteen firemen armed with extinguishers and axes rushed to a corner of City Hall Friday when smoke filled the area. They arrived too late.

Eugene Powers, 39, a clerk, already had snuffed the blaze with a cup of water.

Destroyed was a bucket of sawdust, used by janitors for sweeping floors. Someone had dropped a cigarette in the bucket, apparently thinking it was sand.

Damage was estimated at about three cents worth.

increase spending in Algeria. Within the limits of a strained national budget, Gaillard told the deputies, "we are giving an absolute priority to the needs of pacification in Algeria." But, he said, there was no money available for transfer from nonmilitary budgets.

THE ADDITIONAL military funds will be used to add 28,000 troops to forces conducting the 40-month old war. The additions will bring to 375,000 soldiers the French ground force in Algeria, where another 125,000 airmen and sailors are stationed.

Gaillard asked the deputies to think beyond the simple question of military funds. He noted parliamentary uneasiness and said this might lead to a new governmental crisis by disrupting his shaky coalition.

"To assume the heavy responsibility which it has, my government cannot be content with a precarious or watered-down confidence of the Assembly," the 38-year-old premier said.

With an increasingly vocal minority of the Socialist party protesting settlement in Algeria, former Premier Guy Mollet barely managed to keep the 90 Socialist deputies in line. His argument was that this is no time to desert Gaillard, thus bringing him down and leaving France without leadership.

Gaillard said he had hopes that the U.S.-British good offices mission could settle a dispute with Tunisia that arose from the French attack Feb. 8 on the Tunisian village of Sakiet Sidi Youssef.

## Star's New Kidnap Tale Under Study

LOS ANGELES (AP) — Dist. Atty. William B. McKesson says he wants to compare Marie McDonald's new story of her kidnapping with testimony given the Los Angeles County grand jury in its original investigation.

The prosecutor said the comparison will determine whether his office proceeds further, and in what manner. The grand jury which investigated the original accounts of the January 1957 kidnapping did not vote indictments.

Police Lt. Herman Zander and McKesson's investigator, Julian Blodgett, returned Friday night from Cincinnati where Miss McDonald, 34, appearing at a night club, gave the new version. She accused her estranged husband, Harry Karl, wealthy shoe manufacturer, of engineering the kidnapping.

Karl called her accusations "absurd and ridiculous." His wife made them Wednesday, a day after Karl announced he had asked her for a divorce.

Miss McDonald originally said two men kidnapped her from her Encino, Calif., home. She was found 24 hours later on the desert 150 miles away.

She told the Los Angeles officers in Cincinnati that she had received an anonymous telephone call last Friday from a man who referred to the kidnapping and threatened her life.

## He Errs in Strategy

SARATOGA SPRINGS, N. Y. (AP) — A man walked into a store and demanded a \$27 refund for three pairs of trousers. The man, William Lundy, 35, landed in jail. He had stolen the trousers from the store.

## At Least 25 Feared Lost As Military Planes Collide

NAHA, Okinawa (AP) — A U. S. Marine transport plane carrying 25 persons and a single-seat Marine fighter-bomber collided Friday night as they were preparing to land and plunged into the ocean as "a ball of fire."

Navy search parties recovered three bodies today and sighted other bodies amid debris and wreckage in the water three miles south of Naha.

U. S. ships and planes searching for possible survivors with the help of Okinawan police and fishermen were hampered by rough water and reefs.

The planes were an R4Q, the Marine version of the C119 Flying Boxcar, with 19 passengers and a crew of six, and an AD5 attack fighter-bomber. They were returning from Operation Strongback, a U. S.-Philippine amphibious maneuver in the Philippines.

The planes had taken off from Subic Bay, a U. S. Navy base west

## Phone Workers Reinstated

Local Employees Get Pay, Seniority

Two local union members, discharged for strike action against the Ohio Consolidated Telephone Co. here in 1956, have been reinstated with full pay and seniority rights.

The two employees are Virginia Adams and Juanita Adams. They are two of five union members to be reinstated with the General Telephone Co. which now operates local service. The other three employees are from Portsmouth.

In all 17 union members were fired for strike action against Ohio Consolidated. Disciplinary action was taken against 12 of the 17.

The strike, by the Communications Workers of America, began July 15, 1956 and continued into early 1957. Most of southern Ohio was affected by lack of phone service at one time or another.

A panel of three arbitrators was agreed upon by company and union to determine the status of the 17 union members. Company and union agreed to abide by decision of the arbiters, who began deliberations here Aug. 7.

Friday, arbitrators announced the following decisions:

SEVEN MEN are to be discharged; three will be disciplined by suffering full loss of wages from the beginning of the strike; two will be disciplined by loss of one month's wages; and five are to be restored to their jobs with full wages from the start of the strike.

The arbitration panel consisted of Ronald W. Haughton, director of industrial relations, Wayne State University, Detroit; E. Emmett Ferguson, LaFayette, Ind., attorney; and Municipal Judge W. Dexter Hazen of Marion.

## Hospital Stay Awaiting Slayer

AKRON (AP) — James Milak, who has admitted slaying Mr. and Mrs. Steve Mikulak of Akron last October, probably will be kept at Lima State Hospital until shortly before his murder trial opens here.

The hospital found Milak sane but recommended he be kept to guard against possible suicide attempts. Authorities say Milak tried suicide by pushing a nail into his chest after he was captured.

Summit County Prosecutor John Ballard said he will accept the hospital's recommendation.

## Cop Gets His Orders; He Tickets 8 Cops

HOBOKEN, N. J. (AP) — Don't invite patrolman Frank Moracco to the same party with eight of his fellow officers. He ticketed their cars Friday for over parking.

Police Capt. Edward J. Kearns had just told his men to push a drive against motorists who fail to feed parking meters after time has run out. Moracco obeyed.

Kearns, hearing about the tickets issued to eight of his men, said: "They'll pay the fines."

## Share of Profits Sought by UEW

CLEVELAND (AP) — The International Union of Electrical Workers will ask for a profit-sharing plan and a full guaranteed annual wage in contract negotiations that start March 29 with General Motors.

Those were among the proposals approved by the union's GM Conference Board at a meeting here Friday. Other demands call for a ban on farming out of work, a method of handling the problems growing out of automation, protection of seniority in plant movements, improved pensions and insurance and reduction in work hours.

## Wadsworth Slayer Faces Life Term

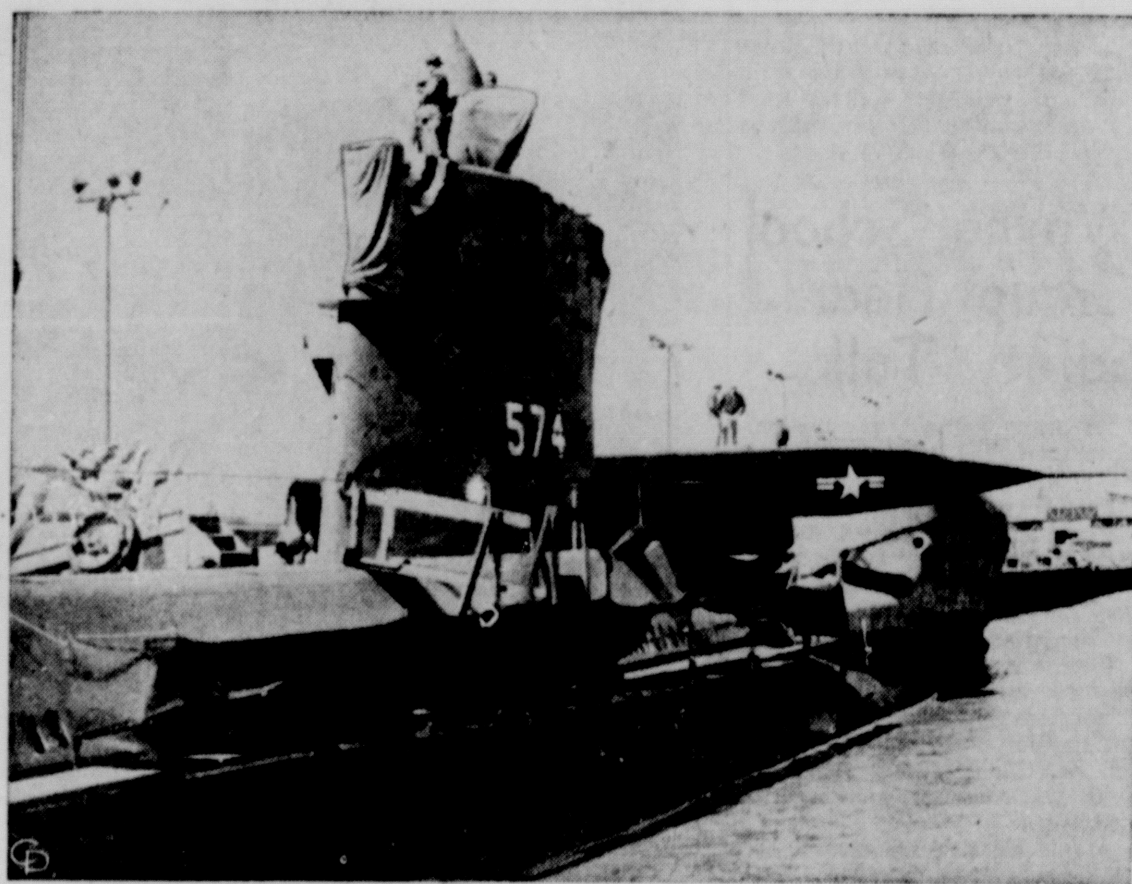

MEDINA (AP) — Gary Dean Long, 21, of Wadsworth, has been convicted of second-degree murder for shooting to death the husband of a woman he had dated.

A jury of eight women and four men returned the guilty verdict late Friday night. The sentence automatically is life in prison.

The victim, Joseph Stewart, 35, was shot after he and Long had a fist fight at a Drive-In restaurant near Wadsworth Dec. 14. Long claimed the shooting was accidental.

His mother reclaimed him. She said the 3½-year-old wandered to the street from the family home.

# Ike, Dem Chiefs Pushing To Relieve Unemployment

ATOMIC MISSILE SHOOTER — The Grayback, the U. S. Navy's first submarine capable of firing atomic warhead guided missiles, rests at Mare Island Navy Yard, Calif., at commissioning time. The diesel-powered sub carries two 1,000-mile Regulus missiles, one of which is mounted on launcher here. Raised portion atop hull is container for two missiles.

## Goldwater-Reuther Clash Delayed in Senate Probe

WASHINGTON (AP) — A face-to-face showdown between Sen. Goldwater (R-Ariz.) and Walter Reuther may be delayed by a growing number of witnesses in a Senate probe of violence in the Kohler Co. strike.

Reuther is president of the United Auto Workers which for nearly four years has been on strike against the Wisconsin manufacturer of bathroom fixtures.

Goldwater is a member of the Senate Rackets Investigating Committee which is trying to determine responsibility for beatings, bombings and other violence during the long strike.

The two are longtime foes and have called each other cowards in recent public statements. Sparks

## Secret Gear Left Out in Open, Report

WASHINGTON (AP) — The General Accounting Office says the Air Force, in closing down a supply depot in Morocco, left secret equipment like radar sets and bombsights out in the open "accessible to prospective bidders."

The GAO report, criticizing operations at the depot, said:

1. Some equipment was left deteriorating in the open.
2. The depot had perhaps twice as much stock as the \$144 million worth the Air Force thought it had in beginning closdown operations.

The GAO, which acts as a watchdog for Congress on federal spending, said that prompt action by Air Force headquarters should prevent substantial waste.

However, the GAO report sent to House Speaker Rayburn (D-Tex.) Feb. 28, indicated there was still some waste involved in closing out the depot at Nouasseur, Morocco.

The investigative unit said many secret items like radar sets and bombsights were set out in the disposal yard without being made useless for combat as Air Force regulations require.

The GAO checked Nouasseur last summer. The supply depot is supposed to be closed by next July 1, with U. S. bases in the area to get supplies elsewhere.

## Toughie Plays Havoc In Chicago Cophouse

CHICAGO (AP) — Veteran Chicago police had a tough time after Carl Marts Friday night after he was picked up while wandering.

Taken to the police station, Marts ripped open drawers from filing cabinets and tore up messages on the police teletype machine. Marts also smeared chocolate ice cream on Sgt. Harry Lyons.

His mother reclaimed him. She said the 3½-year-old wandered to the street from the family home.

## Idle List Said To Have Topped 5 Million Total

Senate Leader Reports Plans for Shift in Defense Area Spending

WASHINGTON (AP) — The Eisenhower administration and the Democratic-controlled Congress pushed job-creation actions today amid reports that unemployment shot up last month to more than 5,100,000.

Senator Lyndon B. Johnson of Texas, Democratic leader, announced Friday he will seek swift Senate action on housing, highway, education and other bills. He called them "major measures in providing jobs."

Johnson made public a letter saying the Defense Department is looking into the matter of speeding up military construction projects in areas with relatively high unemployment.

"I think we can pick up some 200,000 to 500,000 jobs by government projects," Johnson said, adding this should have a "good psychological effect upon the country."

Informed officials said the government will announce next Tuesday that joblessness rose by more than 600,000 in February to a 16-year peak of more than 5,100,000.

LAST MONTH'S total apparently was between 6½ and 7 per cent of the nation's civilian labor force. Johnson estimates there now are between five million and six million unemployed.

It was noted that the February figures were gathered in the second week of the month when much of the nation was plagued by storms and intense cold, curtailing some outdoor operations.

Meanwhile, the Labor Department released statistics that indicated unemployment continued to rise after mid-February, although at a reduced rate.

The department's Bureau of Employment Security said joblessness among workers covered by the unemployment compensation system rose by 137,800 to a record 3,268,000 in the week ended Feb. 22.

In the previous week, ended Feb. 15, the total of joblessness among covered workers had increased by 158,500. About two-thirds of all workers come under the unemployment compensation system.

Also, the Labor Department said initial claims for jobless benefits, indicating new layoffs, declined by 23,300 to 435,900 for the week ended March 1.

Unemployment generally drops in March with a seasonal stepup in such outdoor occupations as farming and construction.

PRESIDENT Eisenhower and his advisers were pictured as counting on a decrease in unemployment this month. They contended consideration of any emergency moves should wait the March employment figures, due out a month from now.

The letter Johnson released on Defense Department plans to speed military construction projects came from Deputy Secretary Quarles.

Quarles said there are \$450 million worth of projects that can be started in areas of "substantial" unemployment and that these are being "initiated as expeditiously as possible." He indicated, however, any speedup on projects already under way will have to be done without increasing government costs.

Quarles said the awarding of contracts for military purchasing and construction has been stepped up 50 per cent above the rate of the last six months of 1957.

"This substantial increase during the months ahead will unquestionably provide a desirable impetus to the economy," he added.

## Foundry Talks Stalled

CINCINNATI (AP) — Negotiators reported a little progress Friday after talks to end the walkout of 1,800 Foundry Workers Union employees in 22 Miami Valley plants in a contract dispute.

## High School Uses Bigtime Advertising

FLORAL PARK, N. Y. (AP) — The Sewanhaka Central High School has resorted to bigtime advertising techniques to lure teachers to this Nassau County area.

A pamphlet concerning the community has been sent to teachers colleges throughout the country. The 13-page booklet shows teachers golfing and sailing, and stresses Long Island's beaches and cultural offerings.

Also, salaries are listed: up to \$8,000 annually for teachers with bachelor degrees, up to \$8,500 for those with masters degrees, and up to \$9,000 for a PhD.

## Federal Bank 'Leak' Probe Is Demanded

CHICAGO (AP) — Rep. Wright Patman (D-Tex.) said today he will insist that the chairman of the Federal Reserve Board appear before the House Banking and Currency Committee "to explain why there was a leak" on a discount rate announced Thursday.

The board chairman is William McChesney Martin Jr.

Patman, a member of the committee headed by Rep. Brent Spence (D-Ky.), said strong rumors about a rate reduction flooded Wall Street in New York before the board's actual announcement. He said this allowed dealers in government securities to "really clean up a profit."

The board approved a reduction in the discount rate from 2½ to 2¼ per cent effective Friday at New York, Philadelphia and Chicago federal reserve banks. The discount rate is the interest charge that member banks pay to borrow from Federal Reserve.

In New York Friday night, Rep. Abraham J. Multer (D-NY) also called for an inquiry by the committee into reports that the reduction had been leaked to privileged persons.

Multer, a member of the committee, said he will take the issue to the floor of Congress if the group fails to act.

## Inlaw Troubles Plague Swindler

YOUNGSTOWN (AP) — John J. Tobin Jr., who has admitted being part of an insurance claim fraud ring, is being sued for \$14,135 by his mother-in-law.

Mrs. Josephine Carozzo said in the suit Friday she loaned the money to Tobin and his wife Anna to help build a \$35,000 home. She seeks judgment because the holder of a mortgage on the property is foreclosing.

Tobin, who is in Mahoning County jail, had not moved into the house.

## Dog Warden Warns Pickaway Countians of Rabies Scare

A recent outbreak of rabid dogs in Portsmouth and Ironton has prompted Pickaway County Dog Warden Ralph Wallace to issue a stern warning to local dog owners.

Wallace pointed out that a city ordinance forbids owners to allow dogs to run loose here from March to October.

The dog warden explained the

seriousness of the matter by saying that four of six Portsmouth dogs examined at Ohio State University were found to be rabid.

He said one of the dogs examined had bitten or scratched 28 people in the Portsmouth area. Several days ago a young Ironton girl died as the result of being bitten by a dog which had rabies.

WALLACE emphasized that the Portsmouth situation is dangerously close to home. "An outbreak such as this can easily spread", he added.

The warden said he has noticed many dogs still running loose here the last few days. He pointed out that this laxness on the part of dog owners is what brings on rabies epidemics.

The city ordinance clearly states that dogs are not to roam from now until October. Wallace said owners violating this law will be arrested and subject to fines.

## Wayne School Group Hears Safety Talk

"Highway Safety" was the program presented by State Highway Patrolman Gene Miller at the Wayne Twp. PTO meeting Thursday evening in the school auditorium. Walter Pickel, auxiliary patrolman, assisted Mr. Miller. Highway rules and laws were discussed by the group.

George Mallett presided over the business meeting. Group singing "America the Beautiful" opened the meeting. Followed by a prayer by Mr. Mallett, Joe Bradbury, sixth grade teacher, presented the program.

At the close of the meeting refreshments were served by hostesses: Mrs. Austin Greene, Mrs. Greene, Mrs. George Mallett and Mrs. Archie Williams.

## Property Tax \$356,909

Pickaway County distributed a total of \$356,909 in tangible personal property tax money last year.

These collections are levied primarily on manufacturing equipment. For the state a total of \$158,712,248.66 was distributed and an increase of \$24 million over last year for a gain of 18 per cent. This reflects Ohio's spectacular industrial growth during the past year.

Of this total schools received \$237,514; cities and villages, \$28,957; county, \$56,662; townships, \$30,234, and the state, \$3,541.

Starkey and Eveland are Circleville natives graduating from Circleville High School in 1949. Starkey served in the U. S. Navy and is a former Circleville fireman.

Starkey attended the University of West Virginia where he was an All-American in football and captain of the team in his senior year. He spent two years in the U. S. Army.

## Orderly Indicted In Nurse's Death

HAMILTON — Shirley Campbell, 21, Hamilton, was indicted Friday for first degree murder in the death of Miss Sylvester Andy, 20, Piqua, who was pushed off the roof of the five-story Mercy Hospital Jan. 18.

Campbell, who is a white man and was an orderly at the hospital also was charged with attempted rape. He made a statement some time ago saying he had pushed the student nurse, who was a Negro, from the roof when she fought his advances. In resisting him, the young woman finally ran onto the roof, police were told, and during the struggle was pushed off.

## Russian Music On Black Mart

MOSCOW — The black market is doing a booming business peddling phonograph records to music-hungry Russians. One newspaper advised the state-owned record company to turn out more records, increase the output of light music for the younger set, and distribute some fresh recordings of the classics instead of releasing versions recorded years ago.

Black marketeers have taken to making their own records, transcribed from foreign platters which find their way into the Soviet Union, or from pickups of foreign broadcasts.

## Ashville News Report

By Mrs. Ade Lou Deal

The Ashville Civic Club met at the Methodist Church at 8 p. m. Wednesday. Mrs. Fred Engle gave the devotionals based on "Lent". A vocal solo "Robe of Calvary" was presented by Miss Diane Richards accompanied on the piano by Mrs. Donald Flierl.

Mrs. Paul Cromley, Route 1, Ashville, was introduced as a new member.

The guest speaker, Mrs. Alma Bean, from the Ohio State Department of Public Welfare was presented. Her topic was, "Work of the Blind in Ohio." Some interesting figures were given to the club showing how much money is spent by the state in aiding of disabled and helpless residents of Pickaway County during January.

They were as follows: 651 people received "aid for aged" totaling \$37,834.00, 127 received "aid for children" totaling \$10,586.00, 24 received "aid for blind" totaling \$1,415.10, 167 are on "general relief" totaling \$7,693.35, and 25 received "aid for disabled" totaling \$1,379.00. The total amount for the month alone was \$58,907.45.

She brought along a number of items made by the blind people which could be bought for the actual cost of material and labor as the state makes no profit off of the blind.

New officers were presented by the nominating committee for the new year. They were elected as follows: Mrs. Donald Flierl, president; Mrs. Robert Baumann, vice-president; Mrs. Frank Hudson, recording secretary; Mrs. Wade Shreve, corresponding secretary; and Mrs. Thomas Rife, treasurer.

The program committee for 1959-60 is Mrs. Fred Engle, chairman, Mrs. Glenn Rodgers, Mrs. James Irwin, and Mrs. Harold Bowers. Discussion was held as to what repairs are needed on the tennis courts in the park. It is felt that new nets will have to be purchased. This will be investigated further and decided at a later date.

It is announced that the state convention of Ohio Federation of Women Clubs will be held in Columbus, April 29, 30 and May 1. It was voted to send Mrs. Flierl as delegate and Mrs. Curtis Cromley as alternate.

The club renewed its membership in the "Ohio Library Association".

MRS. DONALD FLIERL, director of the Lutheran Church choir, is planning a spring concert to be held around the last of April. Any one wishing to sing with the group is invited to attend rehearsals at the Lutheran Church. Contact Mrs. Flierl for dates and time of rehearsals.

The Junior Class play, "You Can't Kiss Caroline" has been postponed from Mar. 14 to Tuesday, Mar. 18. The play will be held in the school auditorium beginning at 8 P.M.

The Ashville Garden Club will

## Presbyterians to Hear Third Lenten Sermon

"Human Disposition and the Divine Image" is the title of the sermon to be presented at the Presbyterian Church 10:30 a. m. Sunday by the Rev. Donald Mitchell.

This is number III of the series called "A Lenten Scrutiny of Our Sins." It will seek to present the contrast of our human disposition with the image of God in which we are created. The Scripture text is taken from Genesis 1:26 where in the beloved voice of the Lord is heard to say, "Let us make man in our image, after our likeness." Then the Lord God breathed into him the breath of life; and man became a living being.

Sacred music during Lent is being directed by Mrs. Clark Will, who has chosen for the Anthem, "Art Thou The Christ?" by O'Hara. Lenten hymns will include "Praise Ye The Lord," "O Lord Turn Not Away Thy Face," and "When I Survey The Wondrous Cross."

Mrs. Theodore L. Huston will preside at the organ. Her music will include the Edmundson Prelude; "Evening Prayer" by Humperdinck and "Ancient of Days," postlude by Jeffery.

This being Girl Scout Sunday, the girl scouts and brownies will be guests at worship. They will wear the uniform of their organizations and will be seated together with their leaders, Mrs. Emerson Spicer, Mrs. Charles Hart, Mrs. Vincent.

Following the worship, officers and members of the congregation will convene to vote on a question concerning the change of boundaries of the Presbytery of Columbus, brought about through the merging of the United Presbyterian Church with the Presbyterian Church U.S.A.

Catechism instruction will be continued in the afternoon, the class meeting with the pastor in the Session Room at 2 p. m. Westminster Fellowship members not included in the class will attend the Spring Rally at Westerville at 2:30 p. m. returning for their regular meeting at 7 p. m. The evening begins with the devotional service in the Westminster chapel room; play practice will follow, with Mrs. David Yates directing. Mr. and Mrs. Philip Hardy are sponsors of the group.

### First Methodist

The Rev. Charles D. Reed of the First Methodist Church has announced for his sermon subject in the duplicate worship services Sunday morning at 8:30 a. m. and 10:45 a. m. "The Arm of the Lord." The Scripture lesson will be read from the 53rd chapter of the Prophet Isaiah verses 1-6.

Girl Scout Troops and their leaders holding their weekly meetings in the Methodist Church will be special guests for the 10:45 a. m. service.

Hymns for the duplicate services will include: "O Worship the King" by Robert Grant; "We Gather Together to ask The Lord's Blessing" by an anonymous writer; "A Mighty Fortress is our God" by Martin Luther; and "Praise my soul the King of Heaven" by Henry F. Lyte.

The Youth Choir under the direction of Mrs. Larry Graham will sing in the early service and use for their anthem "Now The Day Is Over" by Marks. The Adult Choir under the direction of Mr. Charles Kirkpatrick will sing in the late service and use for their anthem "Praise Ye The Name of The Lord" by Arkhangelsky.

Mrs. Darrell Carter will be the organist in the early service and Mrs. James Hodges will be at the organ in the 10:45 a. m. service.

## THE SEARCH CONTINUES

Throughout the history of mankind runs the account of a double quest:

*Man searching for God . . . our restless eagerness to understand and please our Creator has paralleled the centuries of progress.*

*God seeking Man . . . ceaselessly, patiently, His Love has lighted the ages, ever reaching toward our hearts, encompassing our souls.*

Yet no powerful lens ever devised will aid in this search. Our quest finds its consummation not beneath the lens of a microscope—but beneath the spire of a Church!

What man does not recognize his own inability to cope with the complexities of life?

There awaits you next Sunday in the Church of your choice the peace and assurance that generations have sought . . . the FAITH which unites Man and God.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# BRING A FRIEND TO CHURCH WITH YOU

## Urge To Explore Still Lives

There probably are enough formidable challenges remaining on the earth to interest man for some time to come, but the frontiers that long have called him to the far places unquestionably are becoming fewer.

Not long ago Sir Edmund Hillary conquered Mount Everest. Now Dr. Vivian Fuchs has trekked 2,100 miles across Antarctica with the South Pole as his half-way point.

Soldiers reportedly have wept for new lands to conquer and men have climbed towering mountain peaks merely "because they are there." But if there are no more horizons left on earth, will man sit back and relax? Everyone knows the answer. Already the pioneers of the age stretching ahead are pressing for the conquest of space.

Dr. Fuchs and his 11 daring companions braved the perils of crevasses, snowstorms and the bitter winds of an approaching An-

tartic winter to accomplish a feat that 46 years ago cost the life of Robert F. Scott. They persevered in the face of warnings and pleas that the effort be abandoned midway when weather seemed to be closing in.

The 99-day trip added a wealth of research data to the store that is being amassed in the International Geophysical Year. But it would be an error to suppose that the quest of such information alone drove Dr. Fuchs and his men across the bottom of the world.

The data shapes up as the justification for the British explorer to do something man has never done before—cross Antarctica by land via the South Pole.

So man slowly marks off the challenge he has faced on this globe. His successes of the past are reason enough to believe he will be successful in the challenges of the space age. Surely the urge that drove explorers of other times still lives.

## All Energy Has Common Root

An announcement has come from Germany that the unified field theory sought by the late Albert Einstein in the realm of physics may have been finally formulated.

Lending weight to the significance of the announcement from the University of the field of physics. Heisenberg said that if his new theory is proved correct, it means that all of nature's fields of energy have one common root.

Thus the overall unity of the universe may be provable by mathematical formula. Heisenberg emphasizes that it may take many years to prove the formula which appears to "explain the structure of even the smallest particles of water and thus matter itself."

Thirty years ago Heisenberg formulated

the theory of probability which is now a foundation stone of science. Oversimplified, the explanation of this theory is that man will never know exactly how a given atom or particle of energy operates because he will never be able to observe it. The very beam of light or of electrons sent to "look" at the particle will knock it from its previous path, making absolute certainty impossible.

All that man can do is make enough observations to figure the "probability" of activity and characteristics of the infinitesimal "building blocks" of the universe.

It will be interesting to learn if Heisenberg has been able to prove by mathematics what man will never see by sight.

## Are We Old after 26?

Those who are beginning to take a purely personal interest in the fact that man's life span is lengthening now encounter a Midwest university faculty member who reveals they have been middle-aged longer than they thought. Middle age, he says begins among Americans at 26.

His contention is that in these days when people live a "hothouse" apartment life devoid of outdoor activity, physical deterioration begins early. That fits in uncomfortably well with the pattern Uncle Sam set in fixing the upper limit for the draft at age 26.

The professor's pronouncement on the general American physical status suggests that the 26-year deadline on youth can be delayed by a program of walking, running,

skating, skiing, dancing, canoeing, rowing, climbing, and cross-country hiking.

A glance at the top men in sports is enough to confirm this promise that exercise full measure of physical prowess before they are 26.

Many others must hope for some prescription to prolong, not delay, middle age even if they are in the time of life when, according to Byron, they "hover between fool and sage."

## Courtin' Main

Man who says marriage is a 50-50 proposition will never qualify as an authority on women.

## Fighters Keep U.S. Alive

Sometimes the mind of President Eisenhower displays itself best in the off-the-cuff remarks he makes at press conferences, because there he is himself without the intervention of James Hagerty, Arthur Larson, Robert Montgomery and others who seem to be bent on doctoring him into being what he is not and never can be.

The following quotation refers to Gen. James M. Gavin who retired from the military service because he desired to tell the truth without being censored. President Eisenhower said of Gen. Gavin:

"...I mean it was the act of a man of a particular personality—and I have no comment whatsoever. If the man wanted to retire, it was his right, period."

Of course, every human being has a particular personality, no two being alike. Here are strong men and weak men, tired men and aggressive men—and women, too. What Eisenhower meant probably was that Gen. Gavin has a personality that is displeasing to Eisenhower because it is sharp, it is strong and aggressive; it is self-reliant. The President prefers a conforming personality one that salutes his superiors and expects to be saluted by his inferiors. In a word, a personality that knows its place and keeps it.

While that is an orderly procedure in a military organization, in civil life it represents tired, unimaginative people who, having discovered what pays off,

avoid what does not pay off. In the struggle for power in the world today, it is significant that all of Europe with the exception of West Germany appears to be fatigued intellectually, no statesmen, except the aged Konrad Adenauer, exhibiting both courage and imagination.

The Russians, who are building a world state, are as one might say, full of paprika and that is equally true of such people as the Arabs and the Israeli. But both Europe and the United States are tired and the evidence of fatigue here is the unwillingness of men to engage in controversy, to fight hard for what they believe to be right.

I am sure that Harold Stassen is all wrong about Soviet Russia, but at least he says his say and fights for a forum to say it. What he says seems to be to be immature, idealized nonsense, the product of a careless appraisal of historic forces, but believing as he apparently does that peace is worth any price, he rejects being silenced.

Were it not for an equally aggressive mind, John Foster Dulles, this country would probably have made more errors in foreign policy than it has, for Dulles has had to combat not only the White House crowd but also big business whose patriotism is to be measured by the state of the market and whose judgment is controlled by committees including public relations counsel and lawyers who fear losing retainers and therefore favor avoiding controversies which may lead to unpopularity.

The difference between Harold Stassen and John Foster Dulles is similar to the difference between Walter Reuther and George Meany. Reuther, seeking power for himself, has the impudence to shout his opinions from the housetops, no matter how foolish and how other men may ridicule him; Meany, regarding himself as a labor statesman and seeking to preserve the AFL-CIO marriage at any cost, retreats steadily before Reuther's impudence. So John Foster Dulles compromises with the White

By George Sokolsky

House insipidities, whether they come from Sherman Adams, Harold Stassen, now retired, Arthur Larson or even the President because he will not resign and risk a further collapse of this Republican Administration.

In a tired world, victories often go to the most impudent. It took Stalin a decade or more to reduce the Russian Communist Party to his will and the Russian people to his dictatorship. Khrushchev did it in a few months, with humor and laughter, merrily sending such an historic figure as Molotov to Mongolia to be an ambassador to nomads and Kaganovich to Alma Ata.

Khrushchev does not need to kill his opponents as Stalin did because he laughs at them. Just as he laughs at all the world when he hands the world an agenda and tells such a country as

## Frost Damaging Roads in State

COLUMBUS — Frost damage is causing roads throughout the state to break up faster than repair crews can patch them, Ohio Department of Highways maintenance engineers report.

"We will have every available patching crew out trying to patch as fast as breaks show up," said Highway Chief Charles M. Noble. "But it is somewhat doubtful that we will be able to keep up with the developing damage in all cases."

Permanent repairs are not possible until all the frost is out of the ground and the earth begins to dry out, Noble said.

## Ohio Hog Price Climbs

COLUMBUS — Hogs sold in Ohio's interior markets at an average of \$20.65 per hundredweight this week, about 40 cents higher than last week.

The United States what may or may not be discussed at a summit conference which he needs for propaganda and the United States needs like a hole in Uncle Sam's head.

## New Things in Medicine

By Herman N. Bundesen M.D.

The advances that are made continually in medicine are really quite amazing even to a doctor. That's why I like to keep you informed, once each month, about what is new in the medical field.

Scientists have now developed a multiple dose jet injector which permits speedy administration of Salk polio vaccine in mass inoculation programs.

The new instrument which has no needle, can inoculate patients as quickly as one every four to six seconds. The jet injection is relatively safe, although slight bleeding does occur in at least 10 percent of those inoculated with the instrument.

It does away with the fear many patients have of a needle, and no sterilization is necessary.

Parents who are worried about their children's lack of appetite will find the new drug Somatovite, valuable. By combining a low dose of reserpine with vitamins B1 and B12, the new drug produces the best results in children who are high strung, nervous and irritable.

The calming effect of reserpine permits such youngsters to have a relaxed meal. Investigators say Somatovite has produced "striking gains in weight and appetite improvement."

A new use has been found for the drug chlorothiazide which is itself a relatively new compound. First used for relieving edema or water logging of tissues in patients with congestive heart failure, the drug has also been found helpful in treating high blood pressure.

In tests on patients taking only chlorothiazide, a drop in blood pressure of about 16 per cent was

noted. When this drug was used in conjunction with others, the total reduction by the combined therapy averaged 27 per cent.

A British physician reports success with a completely "open" method of treating burns. After being cleaned with cetrimide the burned surface is exposed to the air to dry.

In hot, dry climates, it is reported this occurs within one to two hours. There is no loss of plasma or electrolytes.

The patient reportedly suffers from no shock and there is no infection, since the surface is dry.

A work of caution: Medicines should be given only on the advice of the doctor.

## QUESTION AND ANSWER

D. G.: Is multiple sclerosis inherited?

Answer: There is sometimes a tendency for several cases of multiple sclerosis to occur in the same family. However, it is not usually hereditary.

## School Bus Insurance Regulations Detailed

COLUMBUS — School boards can insure all students riding to and from school in a bus whether they own the bus or whether the bus is hired, Atty. Gen. William Saxbe has ruled.

The boards can also take out liability insurance for their own officers and employees, including drivers of buses owned and operated by the boards, but the boards cannot buy liability insurance for a hired bus, Saxbe said.

## Toledo Pair Fined In U.S. Tax Case

TOLEDO — A man and wife were fined \$3,000 each and put on six months probation Friday after pleading guilty to federal income tax evasion.

U.S. Judge Frank L. Klobb also told Louis Linver, 51, and Doris Linver, 54, to start a new book-keeping system at their National Waste Material Co.

The couple was charged with falsifying joint income tax returns for 1952 through 1956. They paid tax of \$1,755 on a reported income of \$19,650 during that period. The government said they should have paid tax of \$10,183 on income of \$55,195.

## Try and Stop Me

By BENNETT CERF

P. G. WODEHOUSE tells me that a 62-year-old lady in a flying cow! It had been set in motion by a speeding automobile and it smacked the lady amidships. Undaunted, she arose at the count of nine, and demanded shrilly "Who threw that cow!"

More of those tall Texan tidbits: one oil tycoon boasted he'd been around the whole world twice in a single day: from Dallas to Houston, and back! ... Another tried to buy either the Queen Mary or the Queen Elizabeth for his private yacht. But those Cunard meanies wouldn't break up the set. ... And a swank restaurant outside Fort Worth inserted this "come-on" ad in a local gazette: "All you can eat for \$125,000!"

There are a powerful lot of strings to a man's life, observes Terry Rattigan: apron, heart, purse, and harp.

## Retiring Ohio Dem Needles GOP Boss

WASHINGTON — U. S. Rep. Wayne L. Hays, an Ohio Democrat who plans to retire, says he is happy Ohio Republican chairman Ray Bliss predicts the GOP will fill the vacancy.

"That makes me feel good," Hays said Friday. "H (Bliss) has said that ever since he has been

Ohio chairman, and he has been wrong every time."

A sounding out of Ohio Republicans in Congress indicates they share Bliss's confidence, despite an employment sag in Ohio's industrial areas. Republicans consider the unemployment only temporary.

## Public Notice!

For many years, the Blue Furniture Company has sold, installed, and serviced the entire Coleman line of heating, water heating, and air conditioning products. We have hundreds of satisfied customers, and we are proud to have been of service to this community as the exclusive franchised dealer for Coleman Products.

We now wish to announce that due to the expansion of the Coleman Heating and Air Conditioning Line, we will continue to sell, install, and service all Coleman Products with the exception of Forced Air Furnaces and Central Air Conditioning.

Forced Air Furnaces and Central Air Conditioning will be sold, installed, and serviced through BOYER'S HARDWARE COMPANY, 810 S. Court Street.

Thanks, Circleville, from the Coleman Company, and the Blue Furniture Company, for making this expansion of Coleman representation possible!

We also wish to welcome our good friends, the Boyer Hardware Company, into the Coleman picture. We can say without reservation that in handling Coleman Blend Air Furnaces and Air Conditioning, Boyer's will be handling the finest line on the market. There have been many exciting new developments in the Coleman line and they all add up to extra value to the consumer!

The quality of the Coleman line is dramatically proven by the fact that each and every piece of Coleman equipment carries a \$500.00 BONDED WARRANTY backed by one of the largest insurance companies in the world — COLEMAN IS AMERICA'S ONLY LINE OF BONDED HEATING AND COOLING EQUIPMENT.

What Every Girl Wants: A Colorful Bag for Easter

By DOROTHY ROE Associated Press Women's Editor

Little girls are just as accessory-wise these days as their mothers. And the youngest lady in the house is going to expect not only a new Easter dress, but also all the trimmings, including a new handbag.

Such accessories can run into high finance unless one does some careful figuring. Local sewing center experts suggest one way to save—making the handbag at home.

A triangular handbag in candy-pink velvet, machine embroidered to give an unusual striped effect, should delight any small charmer. Here's how to make it:

The bag requires ¾ yard of pink velvet, ¼ yard of pink taffeta, ¼ yard of white cotton flannel and a 14-inch neckline zipper.

Make a pattern of heavy paper. The bag consists of three sides that are stitched together, forming a point at the bottom, and a triangular top fastened by a zipper. For the three sides draw a triangle with one straight side and two curved sides, measuring 5½ inches lengthwise and 5 inches across. Add an extra half-inch all around for seam allowance. For the top draw the same size triangle, with all three sides curved. Cut out paper pattern.

Back the velvet with cotton flannel and quilt the whole piece before you start to cut. Quilt vertically, in contrasting color thread, using your favorite stitch. A seam gauge will help keep the spacing even.

Then cut out pieces — the three sides and top. Cut the same pieces in taffeta for lining. Cut one piece of cardboard to use for stiffening the top. Cut a bias strip 2 by 15 inches for the handle.

Sew side sections together along curved lines, so all points meet at the bottom of bag and all straight edges form top of bag. Turn to right side. Repeat for lining. Top stitch along both sides of seams on right side. Repeat for lining.

Fold zipper to find center and pin center to center front seam of bag. Ends will extend along two sides and around the corner onto the third side. With right sides of zipper and bag together, top stitch zipper to top edge of size section. Stitch top to side sections between ends of the zipper. Stitch other side of zipper tape to edge of top. Press seam open and top stitch section between ends of zipper.

To make bias cording for handle turn both edges of bias strip in ¼-inch and fold again in center. Stip stitch folded edges together. Turn back ends of cording and whip stitch, to end the strip with a curled section like a fiddle top. Loop ends once to form a knot. Whip stitch knot to center of top. Insert lining in bag and slip stitch to zipper tape. Place cardboard piece between lining and top sewing machines.

and aspects of human life that profoundly affect its acceptance, spread and growth, will go into publication soon, possibly within 90 days or less from this date.

The price of the book will be \$7.50, but to introduce this book in this area, subscriptions received within thirty days from this date will be filled for \$6.00.

Better understanding of the Holy Scriptures will come from the reading of this book . . . they are linked so that the lesser book becomes the key that opens the way to the pleasure and profit of the Greater Book.

**REVIEWER'S REPORT**

The manuscript of this book was reviewed by the Washington, D. C. office of National Literary Agency, and their report follows:

NATIONAL LITERARY REVIEW

Mr. Matthew Burnett  
5712 14th Street  
Alexandria, Virginia

Dear Mr. Burnett:

We have now given your book, THE ENTERING WEDGE, two readings and want you to know that we consider this an amazing study of the Bible. You also have an unusual grasp of comparative philology and of the history of religions. It may also be said of the author, as was said of Spinoza, that he is a Gott-betrunkene Mensch, or God-intoxicated.

The style of writing is clear, direct and forceful. You move from one subject to another with a firm step and know exactly how to get there. We feel that the caliber of the writing matches the subject matter.

Yours very sincerely,

Frederick Reinstein,  
Manager

20. Rise and Fall of Nations
21. The Power of God

The over-all purpose in writing the book has been to bring people over the world to a more intimate knowledge of the Christian Bible, and, believing this to be God's work, 99% of all profit from book sales (after publishing and distribution costs are paid) will be set aside for all time for the furtherance of this work . . . but for the first work, education must come first.

For this purpose, a non-denominational, non-profit school will be established in this country to which groups of selected young men and women from all nations, and of all colors (or so-called races), will be brought, to live and to learn together, without cost to them, plant and animal husbandry, dairying, mechanical skills, domestic science and particularly our language, so that they may be sent back to their own lands as really capable missionaries.

You will do a big part in this work by calling attention of your friends to this advertisement, and as gifts, you will never make another that will be so thoroughly appreciated for years to come. Any ten pages in this book will be worth more than the cost of the whole book to any man, woman or child that is living today.

# POLIO SEASON NEAR!

Polio occurs during every month of the year, but the highest incidence occurs during the summer months. The 1958 season will soon be upon us. Now is the time to be immunized in order to be protected.

During the past two years, polio vaccine has been largely responsible for an 80-percent drop in paralytic polio. But, the vaccine is worthless unless administered. It does not wipe the disease from the face of the earth. It only protects (up to 90 percent) those who receive it. So don't delay. Be immunized! Protect yourself and family against this dread disease.

**ORDINANCE NO. 15-58**  
ORDINANCE PROVIDING HOUSING AND FEEDING OF PRISONERS SENTENCED BY MUNICIPAL COURT, CITY OF CINCINNATI, OHIO.

Whereas, the contract between the City of Cincinnati, Ohio and the Board of County Commissioners of Pickaway County, Ohio, providing for the incarceration, care and maintenance of prisoners sentenced for misdemeanors under ordinances of the City of Cincinnati, Ohio expired on December 31, 1957.

NOW THEREFORE BE IT ORDAINED BY THE COUNCIL OF THE CITY OF CINCINNATI, OHIO:

**SECTION 1.** That the City of Cincinnati, Ohio enter into a contract with the Board of County Commissioners of Pickaway County, Ohio, providing for the incarceration, care and maintenance of prisoners sentenced for misdemeanors under ordinances of the City of Cincinnati, Ohio, in accordance with this ordinance.

**SECTION 2.** That the terms of the said contract to be entered into by the City of Cincinnati, Ohio, shall include the Board of County Commissioners of Pickaway County, Ohio, for incarceration, care and maintenance of prisoners sentenced for misdemeanors under ordinances of the City of Cincinnati, Ohio, in accordance with this ordinance.

**SECTION 3.** That the Mayor of the City of Cincinnati, Ohio, shall execute a contract with the Board of County Commissioners of Pickaway County, Ohio, providing for the incarceration, care and maintenance of prisoners sentenced for misdemeanors under ordinances of the City of Cincinnati, Ohio, in accordance with this ordinance.

**SECTION 4.** That this ordinance is hereby declared to be an emergency measure necessary for the preservation of the public peace, health and safety, and for the furtherance of the City of Cincinnati, Ohio, and the Board of County Commissioners of Pickaway County, Ohio, in accordance with this ordinance.

Passed March 4, 1958.  
(s) RICHARD W. PENN  
President of Council  
Attest: (s) Robert J. Shadley

## Regional Berths Sought by Ohio Prep Cagers

16 Coveted Listings Up for Grabs; Mighty Middies Still Winning

COLUMBUS, Ohio (AP) — Ohio's top-talent high school cage teams hit the payoff stage tonight in their bid for regional tournament berths.

Seven Class A and three Class AA quintets grabbed some of the 16 coveted regional berths Friday night. Middletown's seven - time Double-A state champions led the way into the Cincinnati playoffs with a rugged 66-62 win over three-time champion Hamilton.

It was the third win over the Big Blue for the Middies this season, and big Jerry Lucas contributed 29 points to the winning cause.

Cincinnati St. Xavier, with a 23-0 record, joined Middletown's 22-game winners in the Queen City regional with a neat 73-48 victory over Cincinnati Taft. Cuyahoga Falls, with a 15-6 record, annexed a Class AA regional berth at Kent, sweeping aside ever - threatening Canton McKinley by 50-49 in an overtime.

Of the 29 teams still in the Class AA scrap, survivors of the starting field of 387, a half-dozen haven't tasted defeat. Back of St. Xavier and Middletown are Cleveland East Tech, Zanesville and Columbus North with 21-0, and Toledo Scott with 19-0.

Newark St. Francis nipped Jacksonton 46-44 in an overtime at Columbus to reach the Class A regional again. Last year the Newark team was ousted in the first regional game at Athens, but this year it goes to Troy.

St. Francis, which is in, and unbeaten Bucyrus Holmes - Liberty (21-0) are the only ones of the 25 Class A survivors with a chance to repeat from last year.

The Canton Class A regional was filled in Friday night's games. Dillonvale of the Eastern District and Hartford, Columbiana and unbeaten Northwestern of Holmes County (25-0) of the Northeastern qualifiers are Pleasantville (20-3) and Buchtel-York, for the Athens playoffs.

Miller City's 1950 Class A kings, second-rated in the final Associated Press poll of sports writers, were snuffed out Friday night, 59 to 53 by Ridgeville, after building up a 21-2 record. That left Dixie of Montgomery County (24-0), the eighth-ranked club, as the lone survivor of the Class A top 10.

Hamilton was rated ninth in Class AA, and The Big Blue setback left eight of the final top 10 still on deck. Another top-flight casualty was Springfield, the 1925 and 1950 Class AA champion, a 56-47 loser to Dayton Fairview.

Three of the top 10, Elyria (8), Cleveland East Tech (2) and Cleveland St. Ignatius (10) are favored to make up three-fourths of the regional field at Berea after tonight's contests.

Zanesville (3) is expected to defeat Tiltonsville for a berth at Kent, while both Toledo Scott (4) and Columbus North (6) are favored to move into the Marion- Toledo playoffs.

With St. Xavier (7) and Middletown (1) in the Cincinnati regional, the stage is set for some stirring combat before the four state finalists are named next Saturday.

## Middletown Ace Nets 29 Points

CINCINNATI (AP) — Middletown's tall scoring ace, Jerry Lucas, netted 29 points Friday night in leading the Class AA defending state champs in a 66-62 victory over Hamilton in the finals of the district basketball elimination.

Hamilton, guarding Lucas tightly, had taken a 37-35 halftime lead, but a Middletown second half rally nailed down the victory. Paul Riggins was tops for Hamilton with 16 points.

## It's Time for Opening Games In Annual Grapefruit League

By THE ASSOCIATED PRESS

In the fourth inning of the seventh game of the 1956 World Series, Roy Campanella doubled off Yankee pitcher Tommy Byrne and scored moments later on a single. It turned out to be the winning run as the Brooklyn Dodgers sewed up their first world championship.

Times have changed. The Dodgers have moved to Los Angeles. Campanella lies half-paralyzed in a Glen Cove, N.Y. hospital and Byrne has retired.

But although the names may not be the same in many cases, the "game's the same." It's still big league baseball and that's all that will matter when the scores of the exhibition openers come trickling in today from Florida and Arizona.

Much of the interest will center on the Los Angeles and San Francisco teams. The Dodgers play the Philadelphia Phillies in a night game in Miami while the Giants meet the Cleveland Indians in Phoenix, Ariz.

In other games, the Chicago Cubs meet the Baltimore Orioles at Scottsdale, Ariz.; Cincinnati faces the Chicago White Sox at Tampa, Fla.; the world champion Milwaukee Braves take on Detroit at Lakeland, Fla.; Pittsburgh and Boston clash at Sarasota, Fla.; the Yankees and St. Louis get together at St. Petersburg, Fla. and Washington and Kansas City hook up at West Palm Beach, Fla.

The Giants-Indians game will also mark the American League managerial debut of Bobby Bragan.

Herb Score's scheduled first game appearance for Cleveland since his untimely eye injury last May was postponed. The young lefthander suffered a sprained right ankle running around a Tucson YMCA gym Friday and will be sidelined for a few days.

The latest hospital bulletin on Campanella indicated that the burly catcher is showing general improvement and his paralysis is slowly disappearing. Roy suffered a broken neck in an automobile accident Jan. 28.

Byrne, who had said several times he was considering retirement from baseball, made it official yesterday. He has joined the staff of an oil company in Sanford, N.C.

## Gomes Wins Decision in Dull Match

NEW YORK (AP) — Harold Gomes today held a slim, split decision victory over fourth ranking featherweight Ike Chestnut but he wasn't crowing.

The reason? A dull 10-rounder, marred by continuous holding and boos from many of the 2,000 fans in Madison Square Garden for the telecast bout Friday night.

Each blamed the other for the lackluster contest.

"He wouldn't give me any punching room," moaned Gomes, 24, an unranked puncher from Providence, R. I. "He locked me up inside and made it seem as if I was doing the holding. I would rather have fought a war. I wanted to please the fans so much in my first Garden main event. Instead I heard boos for the first time in any of my fights."

"This was my 14th fight in the Garden and the first time I've heard boos," wailed Chestnut, 26. "He kept on holding. I don't know what hurts me most, the boos or the decision."

There were only two lively rounds, the seventh and ninth. Chestnut had been cut over the left eye near the end of the sixth.

Gomes, who has a numerically impressive .500 knockout average for his 44 pro fights, opened up the both hands in the ninth for a good round.

town (1) in the Cincinnati regional, the stage is set for some stirring combat before the four state finalists are named next Saturday.

## Sulky Track Dates for '58 Announced

COLUMBUS — The harness racing schedule for 1958 at the nation's pari-mutuel tracks has been announced by the U.S. Trotting Assn. A total of 40 meetings will be held at 33 tracks.

Bay Meadows at San Mateo, Calif., actually opened the season Jan. 25 with the first of its two meetings ending today. Santa Anita at Arcadia, Calif., will begin a 20-day session Thursday. First eastern meeting starts at Roosevelt Raceway, Westbury, N. Y., April 1 with the Midwest's first action starting April 3 at Chicago's Maywood Park.

The six harness race tracks in Ohio have been assigned seven meetings. Lebanon Raceway will

## Michigan Tankers Hold Big Lead

IOWA CITY, Iowa (AP) — Michigan's undefeated swimming team carried a 21-point lead into the final seven events of the Big Ten conference meet tonight.

The Wolverines, led by American collegiate record breaker and double winner Tony Tashnick, picked up 58 points in winning four of the eight events completed Friday night.

Defending champion Michigan State and Ohio State were tied for second place with 37 points

# Municipal Court Reports On Four Years of Activity

Circleville Municipal Court, heading into its fifth year of operation here, can be proud of its record since that first session on Jan. 1, 1954.

In addition to its prime requirement of upholding the law, the local court also is a valuable source of income for the city.

In its four years of operation the court has collected a gross of \$241,216.64 in cash receipts from criminal and civil cases. Total disbursements to the City of Circleville during this period amounted to \$147,608.02. This information

was released today in a comprehensive report submitted by Judge Sterling M. Lamb and staff.

After all expenses were paid the city still received \$87,399.91 in total net receipts. Expenses included operation of the court, salaries and boarding city prisoners in other jails.

IN ADDITION to the total gross collected, the court suspended \$17,068.78 in fines and costs in criminal cases. These suspensions do not include cases which were dismissed at the conclusion of hear-

ings under the court's opinion that defendants involved were not proven guilty beyond a reasonable doubt.

During the four-year operation a total of \$45,867.91 has been paid to Pickaway County and another \$12,000 has gone to the Pickaway County Law Library Assn. The Treasurer of the state received \$31,227.39 and the State Conservation Department \$3,072.30.

The Muny Court has been a busy office since 1954 with a total of 9,999 criminal and civil cases filed. Criminal cases were in the majority with 9,602 on record. Of this number, 9,482 were concluded.

Civil cases filed numbered 297. Disposition was reached on 262.

In addition to giving Circleville an efficient means of law enforcement, Judge Lamb's Court also had a more pleasant aspect of duty by witnessing 36 marriages.

For the four year period the court was in session 1,198 days. The number required by law calls for 960 days, giving the local judiciary 238 active days beyond the legal requirement.

ASSISTING Judge Lamb with his numerous duties are Mrs. Anne Caudill, clerk, and her assistant, Mrs. Naomi Houghton. Bailiff duties are handled by Harry Coss.

Usually the judge and his staff move at a steady pace to keep up with the varied assortment of cases which flow before the local bench. This especially is true on Monday mornings following busy weekend arrest activity.

1957 was a typical year for the Circleville Court. Total gross receipts in criminal and civil cases amounted to \$70,045.81.

Net receipts to the city amounted to \$25,957.42 after salaries, operating expenses and disbursements were made.

Criminal cases filed numbered 2,505, with 2,488 concluded. Civil cases reached 143 and 133 were concluded.

The number of criminal cases in which all or part of the fine and costs were suspended totaled 139. The amount of fines and costs suspended in these cases totaled \$5,127.40.

The court was in session 280 days during the year.

## Right Names, But Wrong Marriage

A rare coincidence developed last week when a marriage license was issued in Franklin County to George L. Rowland, 31, service station attendant, and Thelma C. Coy, 48, of Columbus.

It seems that there is another Rowland family—no relation—who have the same names and occupations. They are George Rowland, 35, Route 2, Circleville, who owns a service station in South Bloomfield and has been married to his wife, Thelma, 40, for two years.

Rowlands customers have been asking for an explanation of his recent marriage and it has made for a perturbing situation that only real life could manufacture.

Armco Reports Profit

MIDDLETOWN — Armco Steel Corp. had a net profit in 1957 of \$55,044,509, equal to \$4.59 a share on common stock. That's the tabulation in the annual report to stockholders Friday.

## CHS Play No Mellerdramy

## 'Night Must Fall' Smash Hit Due to Teacher's Direction

By GUNNER MUSSELMAN

A first-year teacher at Circleville High School has left a definitely favorable impression of his workmanship.

He is Gerald E. Brown, instructor in speech and dramatics at the local high school.

The second dramatic production of the school year was presented this week and thereby hangs the favorable testimony.

The effort this week was the annual Senior Class play, an emotion-packed drama of the caliber normally produced only on the college or professional level.

Earlier in the school year, Brown directed the annual junior class play, another above-average performance.

In both cases, Brown selected a play far from the traditional wishy-washy, boy-meets-girl melodrama.

WHEN THE FINAL curtain dropped Friday night on the annual senior play, many a parent present came away nodding agreement with what he had heard his student-child say for months—"Mr. Brown knows his stuff."

The senior play was written by Emlin Williams, entitled "Night Must Fall," a story steeped in Freudistic mystery.

Greatest handicap faced by

GERALD E. BROWN

Brown's fledgling actors was the fact that too many of the younger set in the audience were unable to grasp the true meaning of the story being unfolded before them.

In their innocence, they tittered at what the playwright had meant to have been most serious situations.

But Brown's direction of the cast nevertheless held tight rein and no actor became nonplussed by the misguided audience reaction.

Brown's efforts were especially reflected in the performances of Martha Smith, playing the role of dowager hyperchondriac; and that of Jerry Parish, cast as youth with a tragic mental twist.

Both youngsters carried well their roles which required display of high emotion couched in fear of the unknown.

Perhaps the third most important character in the play was the assigned to Carole Weiler who, as a lonesome niece of the dowager, finally found herself pulled irresistibly to the side of the warped-minded youth.

Others in the cast were Dave Hutzelman, Anne Steele, Shelby Beavers, Sue Anderson, Pat Eastterday, Terry Barthelmas and Gaylord Greenlee.

The cast, following a long-established custom at the local high school, presented Brown with two gifts—some furniture and a week-old puppy. But the presentation this time seemed to carry more meaning than that attached to mere tradition—the youngsters seemed to sense that Brown had given them an unusual opportunity in the field of drama and had given them supervision "far and above the call of duty."

## Continued Dip Seen In Output of Autos

DETROIT — Ward's Automotive Reports says further cuts in auto production is in prospect for March and April. It said that despite the cut in factory operations dealer stocks now are pressing the 890,000-unit mark.

The agency put this week's U.S. output at 84,202 cars and 18,240 trucks, compared to 140,161 cars and 18,835 trucks last year.

# Analyst Takes Close Look At Nasser's Mideast Move

By WILLIAM L. RYAN  
AP Foreign News Analyst

Gamal Abdel Nasser has opened his battle for complete mastery of the Arab East.

Charges that King Saud of Saudi Arabia plotted against Nasser and his United Arab Republic and the manner in which the charges were made—indicate there will be no quarter given and none expected in this developing war between two sets of Arab rulers.

The instrument for Nasser's initial attack was Lt. Col. Abdul Hamid Serraj, the Syrian army's young, bulky, blue-jawed chief of intelligence, who claims he was offered a huge bribe to see to it that Nasser died in an attack on his plane.

The charges are fantastic. It is asking the outside world to swallow a great deal to suppose that so shrewd a leader as Saud would

attempt to subvert Serraj, of all people. Serraj is known throughout the Arab East for his fanatical devotion to Nasser and the extremes of Arab nationalism.

It hardly matters whether a plot existed or not. (Saudi Arabia rejected the charges.) The point

is that Nasser's propaganda machine, now dovetailed with that of the Syrians in the new United Arab Republic, has opened the most dangerous of attacks on its foes in the Arab East—the rulers of Jordan, Iraq and Saudi Arabia. All three stand in the way of Nasser's vaulting ambitions.

The attack is a daring one in a place like the Arab East. Saud is custodian of the two holiest shrines of Islam, Mecca and Medina, and as such has claim to being the spiritual leader of all Arab Moslems.

But Saud resisted Nasser's overtures for a united Arab front. So have Kings Hussein of Jordan and Faisal of Iraq. Now Nasser will attempt to build severe popular pressures under the kings by fanning the glowing embers of Arab nationalism into flaming violence.

Most of the Arab world is now embroiled in the squabble, all the way from Iraq across North Africa to Tunis, where pro-Western President Habib Bourguiba complains that Nasser has been plotting his assassination.

Nasser apparently wants no rivals at all. He tried blandishments, and that didn't work. Now he appears ready to ram his "liberation" down the throats of the other rulers. He cannot do that without invoking violence which would endanger not only Middle East peace, but the peace of the whole world.

## Young Actor Gets 2 Calls

Oscar, Uncle Sam  
Both Smile at Star

HOLLYWOOD — Young Russ Tamblyn bears the distinction of being tapped by Oscar and Uncle Sam at the same time.

Recently, the actor won an Academy nomination for his supporting performance in "Peyton Place." Almost simultaneously, he was ordered to report for military duty March 24.

This seemed like cruel timing, since the Academy awards are handed out March 26. In view of this, Tamblyn's induction was postponed four days. It's nice to know that the government can have a heart.

Russ' feelings about all this are mixed of course. Naturally, he is pleased with the nomination. And just as naturally, he's not overjoyed about a two-year stretch in the Army.

"I'm not complaining," he said, "but it did come at a tough time. I'm 23 and I've been in this business 11 years. I feel as though I'm finally getting somewhere with my career. I'm at my peak, so to speak. For the first time, producers are coming to me with pictures to do."

"Now I'll be gone for two years, and I'll lose all the impetus that I have gained."

The real breakthrough for Russ came with "Peyton Place," which proved he is a sensitive actor as well as an entertainer. He went to London to play the title role in "Tom Thumb" and hustled back here to finish "High School Confidential" before the Army hauls him away.

## GI Fatally Hurt In Bridge Leap

CLEVELAND — Airman 2-C James Gallier stopped the car on Hilliard Road bridge high above Rocky River Valley and got out.

He said he was going to jump. Mrs. Gallier told police.

Mrs. Gallier drove the rest of the way across the bridge because of the rush-hour traffic and came back on foot, police reported.

The body of the 22-year-old Rocky River airman, on leave from Thule Air Force Base, Greenland, was on a roadway 90 feet below. He was pronounced dead at a hospital at 5:35 p. m. Friday.

Mrs. Gallier told police that as she and her husband drove across the bridge she had informed him she wanted a separation.

## Flu-Type Death Toll on Increase

WASHINGTON — Influenza and pneumonia deaths in 108 cities rose to 847 in the week ended March 1. This was only 40 less than the peak reached in the week ended Nov. 9 during the Asian flu epidemic.

The Public Health Service said the 847 deaths compared with a three-year median of 410 for similar weeks.

The toll was up 83 from the revised figure reported in the week ended Feb. 22 and continued an increase that started in January.
